I am a frontend developer proficient in HTML, CSS, Bootstrap, JavaScript and ReactJs. I have 23 months experience working on individual projects such as my portfolio, Football livescore web app to mention less and also working with team of different tracks both design and backend team. I have led several projects to success such as kodeblog project and Daura project. I can work anywhere and ready to travel anywhere to work as well ready to improve my skill in other software development tools. I am a hardworking, motivated, and enthusiastic person with a proven record of accomplishment while working as the Admin officer at Ash-Shabab Schools and an Administrative Assistant, Jide Taiwo & Co as a surveyor and African Children Aid Education and Development Foundation (ACAEDF) as an admin assistant. I always strive to achieve the highest standard possible, at any given task and in any situation.
